

HARBORVIEW MEDICAL CENTER AND AIRLIFT NORTHWEST
PRESENT THE ANNUAL

UW Medicine EMS & Trauma Conference

Sept. 23-24, 2013

SHERATON SEATTLE HOTEL | 1400 SIXTH AVE. | SEATTLE, WA 98101

UW Medicine

CURRENT PRACTICES IN ADULT AND PEDIATRIC TRAUMA

Conference description

The course is sponsored annually by Airlift Northwest and Harborview Medical Center, the designated Level I trauma center for Washington State, as well as the trauma and burn referral center for Washington, Alaska, Montana and Idaho (WAMI).

This two-day multidisciplinary conference highlights current issues in trauma care throughout the continuum: pre-hospital, emergency, critical care, acute care and rehabilitation. Nationally recognized speakers and local experts in trauma care will present topics pertinent to nurses, physicians, paramedics, social workers, program managers and other healthcare professionals.

Course objectives

1. Identify critical issues in the continuum of care for adult and pediatric trauma patients.
2. Identify the psychosocial needs of trauma patients and their families.
3. Discuss new modalities and cutting-edge advances in trauma care.
4. Identify current local, state, regional and national resources in disaster management and their response strategies during a local or regionally impacting natural catastrophe.

The conference is recommended for healthcare and pre-hospital professionals.
