

**Date:** Thursday, March 31, 2022

**Session:** Concurrent Session #2

**Title:** Can you effectively utilize what you don't know? Trauma registry for data users

**Time:** 10:00am - 11:00am

**Moderator:** Kathleen Martin, BSN

**Speaker:** Jane McCormack

**Bio:**

Jane McCormack has over 25 years of experience as a trauma program manager. She relies heavily on high quality trauma registry data to 'drive' the trauma program. Jane believes strongly that trauma registry professionals are often the overlooked members of the trauma team. This presentation focuses on helping the data users to understand the registry processes, regulation, and unique challenges and thereby enhance data quality.
